- Minimum order per shade starts at: **40 kg.**
- Minimum production order starts from **100 kg.**
- Smaller orders can be made but subject to surcharges.

 Certificate

Michell & Cia S.A. will provide a document at the request of its clients to certify that it is **Organic and/or Eco Line.**

 Care Instructions

- Hand wash at maximum temperature of 25 °C with neutral soaps and/or softener for natural or fine fibres.
- Alternatively, dry clean only with the appropriate solvents.

-  For garments with very contrasting colours and/or a striped design, please contact our sales department at: **michell@michell.com.pe**

 Important Notes

- Alpaca contains black hair, which becomes noticeable in white and light shades. These should be considered as a characteristic of Alpaca and Alpaca Blended yarns.
- We recommend **not to re-spool** the yarns since the quality of the yarn may be diminished.
- If necessary, please take maximum care in order to obtain soft cones and uniformity.
- We use splicers in most of our yarns.
- The average number of knots per kilo is about 4/5.

-  For more information, please contact our sales department: **michell@michell.com.pe**
