Alpaca and natural fibres
Machine Knitting

Stock Service

27-28

Our **Stock Service** offers a series of yarns for those who are developing a new Collection or starting a business around the Alpaca. This Line explores a wide range of textures thanks to the great variety of yarns it presents.

It stands out our classic yarns in pure Alpaca and fancy yarns blended with other natural fibres.

Its captivating colour palette reflects the character of the season, with its dark and earthy tones that evoke nature and the winter atmosphere.
