- For Dry rubbing and Wet rubbing:
 AATCC Test Method 8
- For Washing:
 AATCC Test Method 61 Option 1A

□ Suggested Colour Card

- Solid and melanges.
- Custom made colours can be dyed, for this product the reproduction of the colour is influenced by the composition of the yarn.

Minimum and Increases

- No stock available.
- Minimum order per shade starts at: 40 kg.
- Minimum production order starts from 100 kg.
- Smaller orders can be made but subject to surcharges.

Certifications

Care Instructions

- Hand wash at maximum temperature of 25 °C with neutral soaps and/or softener for natural or fine fibres.
- Alternatively, dry clean only with the appropriate solvents.
- For garments with very contrasting colours and/or a striped design, please contact our sales department at: michell@michell.com.pe

Important Notes

- Alpaca contains black hair, which becomes noticeable in white, light and pastel colours.
- These should be considered as a characteristic of Alpaca and Alpaca Blended yarns.
- All our dyestuffs used are heavy metal free, AZO-Free and comply with the REACH and OEKO-TEX STANDARDS.
- Low speed in flat machine and special care is recommended. Natural fibres have physical limitations with respect to synthetic fibres.
- For more information, please contact our sales department: michell@michell.com.pe
